Dear Professor Goldziher

It is with diffidence that I am sending you a copy of my Sufi article, where your kind help was forthcoming. The various ink corrections in the text are due to Prof. Samuel Hargrove, & further ones will be welcomed from other Eminent quarters. The concluding Evendation of Massignon's seems a very good one. I am looking forward to his work on Hallaj - he has written a better work on Sufism than the K. Luma would be. التعريف في التصوف
